DOG RUN
MINIMUM STANDARDS

1. The dog run shall be constructed to permit proper filtering or drainage of the animal's waste.
2. The dog run shall be enclosed by a fence no more than five (5) feet in height. The fence shall be constructed of durable decay or corrosion resistant materials.
3. The dog run shall be adequately screened to prevent viewing from adjacent properties.
4. The dog run shall be maintained as required by Chapter 16, Section 16-401(d), "To allow any place where any animal is or may be kept to become unclean or unsanitary. Unsanitary as herein defined shall mean a condition which is likely to attract vermin or rodents or endanger the public health or welfare of the surrounding area", and Chapter 19, Section 19-206, "It shall be unlawful to cause or to knowingly permit the emission of objectionable or hazardous odors in such quantities as to be readily detectable by an average observer at any point on the boundary line of any premise or beyond."
