

- Q. How big are the recycling bins we have now?
A. 18 gallon
- Q. What are the dimensions of the green recycling bin we presently use?
A. 27" wide x 17" deep x 13.5" high
- Q. What are the dimensions of the 35 gallon recycling carts?
A. 21" wide x 24" deep x 40" high
- Q. What are the dimensions of the 65 gallon recycling carts?
A. 27" wide x 29" deep x 41" high
- Q. What are the dimensions of the 95 gallon recycling carts?
A. 29" wide x 34" deep x 46" high
- Q. Are these carts for garbage?
A. No, but you can lease a 95 gallon garbage cart from Groot for \$2.50/mo
- Q. Where can I store the recycling cart?
A. In your garage, the side, or back yard
- Q. What should I do with my old bin?
A. You can keep it for your own use, or dispose of it in your recycling cart for pick up
- Q. If I receive a recycling cart and lease a garbage cart, how will the hauler know the difference?
A. Recycling carts have beige colored lids and garbage carts have black lids
- Q. Can I use my recycling bin for overflow along with my new recycling cart?
A. Yes
- Q. When will the new carts be delivered?
A. During the month of March
- Q. What do I do if I want a 65 gallon recycling cart?
A. Nothing, unless they hear from you, Groot will deliver a 65 gallon recycling cart
- Q. Who do I call to order a 35 or 95 gallon recycling cart?
A. Groot 800/244-1977

Q. Where and when can I see these recycling carts?

A. Village Hall - Mon-Fri 8:00am-5:00pm

Senior Center - Mon & Wed 8:30am-8:30pm

Tue, Thur, Fri 8:30am-4:30pm

Sat 8:30am-12:30 until the end of February

Q. Can I refuse a recycling cart?

A. Yes, but you must call Groot. Groot would like residents concerned about the cart size to try a 35 gallon cart as they have a similar foot print as the 18 gallon bin. The carts are emptied mechanically and this is a conversion process from manual recycling collection. However, if you feel the 35 gallon bin just won't work for you, you can continue to use your current bin.
