

Wayne Griffin Travel and Cruise Services, Inc.

Wayne Griffin Travel and Cruise Services, Inc. has been serving clients from its Arlington Heights office since 1956. All but a few of those years we rented retail space in the downtown Arlington Heights area. When we decided to become property owners for our travel agency, Wayne Griffin Travel and Cruise Services Inc., we turned to the Village for help. The process of purchasing a property and building takes many twists and turns. The Village of Arlington Heights was instrumental in helping us navigate the road to becoming a property owner. Their help was in writing letters in the appraisal process, working with us to get approval on permits for construction and signage as well as helping us with the energy survey needed to apply for a

federal grant to conserve our energy consumption. Without their assistance, we would not be the property owners we are today. Thank you for all your help and professionalism.
